### How it all began...

Concern for Animals was founded in 1980 by Ann Albohn and Joyce Pearce. The two ladies planned a meeting for people who were concerned about the number of animals being euthanized and how it was being done. There was standing room only inside the building, with people to spare outside. A yellow pad was circulated around the room and the first membership list of CFA was created. With many hours of serious discussion, debating, conversations and planning, the method of euthanasia was changed to a humane process. CFA's mission since 1980 to the present is an ongoing spay and neuter program to eliminate the need for euthanasia.

### Who we are...

We are a non-profit, charitable organization, 501 (c)(3). We rely on membership dues, donations, grants and many fundraising projects to support our programs to help the animals. All of our members are volunteers. Every cent that we receive is spent to help the animals.

### Goal...
